

# WELCOME TO LUND

Since 1981 SK Poseidon and Lund have hosted the international diving meet Diving Lund with guests from all over the world.

Lund, situated in the centre of the attractive and expansive Öresund region in southern Sweden, is one of the oldest cities in Sweden with a history more than one thousand years old. Over the centuries it has earned a reputation for being a place where people meet, and, today, more than ever, Lund is a meeting place for ideas and creativity.

Here, the university, science-park, multicultural atmosphere and historical surroundings make up a unique combination. This, along with its central situation, has turned Lund into an international city where ideas are born - ideas that build enterprises and achieve success both nationally and internationally.
